### **Distinguished Chinese Scholar Lectureship Scheme**

Dear Professor Yu,

To promote the exchange of ideas and strengthen our research excellence in some cutting-edge areas, we recently launched a Distinguished Chinese Scholar Lectureship Scheme at the Hong Kong Polytechnic University (PolyU). Because of your eminent academic achievements, we would like to sincerely invite you to be our Distinguished Lecturer in the 2016/2017 academic year. We feel highly honoured to have a Chinese scholar of your international standing to share with us your expert knowledge and vision, which will be of invaluable value to us in pursuit of academic and research excellence. We are feasible to accommodate your preferred time of visit.

You are invited to visit us from 12 March 2017 to 18 March 2017 and deliver a research lecture of your specialty on our campus. In addition, we sincerely hope that you can have time to meet the faculty members / research scholars / postgraduate students of the Faculty of Applied Science and Textiles (FAST) and Department of Applied Biology & Chemical Technology (ABCT).

We are very much looking forward to hearing your favorable reply at your earliest convenience. In the meantime, if you require any information, please feel free to contact me (tel: 852-3400-8670, fax: 852-2364-9932, email: [wai-yeung.wong@polyu.edu.hk](mailto:wai-yeung.wong@polyu.edu.hk)).

We look forward to welcoming you at PolyU.

Yours sincerely,

---

Wai-yeung Wong (Raymond)  
Scheme Coordinator  
Associate Dean of Faculty of Applied Science and Textiles  
Chair Professor of Chemical Technology  
Department of Applied Biology & Chemical Technology  
The Hong Kong Polytechnic University
